Common Myths

1. Colleges look only at 10th and 11th grades
2. Senior year grades do not count
3. Not worth taking challenging courses – need to get the highest GPA possible
4. Teachers recommendations don't really count
5. Private colleges are too expensive
6. There is no real advantage of attending a community college

Senior Deadlines

Questions?

If I've already submitted my application and want to apply to an additional campus, should I start a new application?

- UC colleges do need to be added to Naviance. Transcripts will be sent electronically to these colleges.
- Many UC require a transcript in January.
- Fee waivers are within the application. Your input of financial information determines whether or not you receive a free application or not.
- Definitely check the box that says you want to be considered for EOP. It is a bit more work but, well worth the effort
- Be sure to have a teacher in mind for a letter of recommendation. While most don't require a LOR some UC campus and program are.
- **DO NOT FORGET TO ADD SENIOR CLASSES**

- 
- ALL colleges must be added including CalStates and UCs.
 - Many colleges require a mid-year transcript. Most will allow this transcript to be sent electronically.
 - All transcripts are automatically uploaded in September and January. Thus there is no need to “request a transcript”.
Consequently, your account will continue to read “transcript pending”
 - You must request letters of recommendation through Naviance. (see next slide)
